

# Digital Central Fabrication

**Profitable** custom orthotics using  
Amfit's **central fabrication** facility.

## **Custom Orthotics, Fast Turnaround.**

Amfit's Digitizer and Impress Scanner give you the power to easily provide your patients with precise-fitting orthotics. We provide next business-day turnaround in most cases.

**You Design the Specs.** We precisely mill the orthotics specifications that you create. When you are ready to reorder insoles, Amfit can consistently replicate your specs — exactly as you designed them.

**Rigorous Quality Control.** Our highly trained technicians take pride in complete customer satisfaction. We want your patients to be completely satisfied with the comfort of their orthotics. It's our job to make sure this happens.

**amfit**

Where technology fits. Perfectly.
